Due to class sizes, there may be a restricted number of students accepted into some courses. Therefore, students will be entered on a "first come, first served" basis. Staff will work to ensure all students receive a workable timetable.

<p>ART 10F</p> <p>As a student enrolled in this course you will be exposed to visual awareness experiences. These experiences will help you to develop sensitivity to both the natural and built environments. Art appreciation experiences will encourage you to look at, talk, write and sketch about all kinds of art. Art production experiences will encourage you to experiment with different art materials and processes and to make your own works of art. There will be a cost to cover materials.</p>	<p>BAND 10G</p> <p>Band classes meet every second day for the entire school year. The Band program covers all types of music from Baroque to Modern 20th Century music. Band skills such as technical, expressive and reading skills are developed and emphasized. Music history, theory and ear training are part of the Band program. The band performs throughout the year. In all band years, the goal is to develop a well-trained and skilled band member. Out-of-class activities include performances at assemblies, concerts, Virden Festival and Optimist Festival (Winnipeg), band tours, and clinics. Enthusiasm and a love of music are required.</p>
<p>CHORAL ENSEMBLE 10G</p> <p>The school choral program focuses on singing a wide variety of music. Students sing popular music, and music that goes as far back as the Renaissance Era. Choral skills such as technical, expressive and reading skills are developed. Music history, theory, and ear training are studied through repertoire. Throughout the school year, many chances to perform arise, including a variety of concerts around the community. Some assignments include performances outside of the school day. Choral ensemble 20G, 30S and 40S are a continuation of the previous year. In all the courses, the goal is to develop well-trained and skilled choral member. You do not need to know how to read music before joining the choir. All you need is an enthusiasm for singing and a willingness to perform!</p>	<p>DRAMATIC ARTS 10G</p> <p>Students will be expected to participate in group, duo, and occasional solo activities. Evaluation will be based on a combination of evaluation strategies based on process, progress (emphasizing participation), assessed assignment mark (presentation grade), self-evaluation, and other notations. Dramatic Arts 20G is a practical course in presentation skills. Dramatic Arts 30S is a practical course in Interpretation of dramatic scripts. Dramatic Arts 40S is a practical course in theatrical styles.</p>
<p>FUTURES IN BUSINESS 15G / START YOUR OWN BUSINESS 25G</p> <p>This course is designed to introduce the student to a variety of business activities with a focus on entrepreneurship and the business world. Students are given the opportunity to acquire various business skills which can be utilized in numerous business settings. Students considering entrepreneurship are given the opportunity to research potential businesses and the process of running one from its creation. Other topics include: future planning, business communication, introduction to accounting, introduction to law, other influences affecting business, and more. This course is recommended for all Grade 9 or 10 students to help them for future personal success.</p>	<p>FRENCH 10G</p> <p>Using a balanced literacy approach, motivated students will acquire language skills to communicate in French as well as appreciating francophone cultures. Grade 9 students will need to listen actively, to use spoken French to the best of their ability, to read and discuss texts, and to write about topics discussed in class or occurring in their lives. Studying French enhances learning of other languages, making one multilingual. The multilingual language learner will see many opportunities for jobs, careers, education, travel and relationships.</p>

<p>WOODWORKING TECHNOLOGY AND INDUSTRIAL DESIGN 10G</p> <p>This course appeals to students who enjoy working with their hands and building projects. It will provide students with the skills and knowledge required in the shop environment. Students will be required to build planned projects designed to teach them the safe and proper methods of using the tools, equipment, machines and processes found in the woods shop. Topics include safety, measuring and layout tools, hand tools, power tools and finishing.</p>	<p>HOME ECONOMICS FOOD and NUTRITION 10G</p> <p>This course is for students wishing to explore baking and pastry arts, and who plan to continue on with more Home Economics courses in the future grades. The emphasis is on introductory, hands-on activities, with a focus on food safety and proper food habits.</p>
<p>INTRODUCTION TO AUTOMOTIVE TECHNOLOGY 10S <i>– (prerequisite for all Power Mechanic courses.)</i></p> <p>This is a course intended for students wishing to sample automotive technology. The emphasis is on hands-on activities. Students are introduced to safety, tools and equipment, automotive systems and service procedures. Career opportunities, the apprenticeship program, and the history of mechanics are explored. Students are given time to transfer theory and practical applications in the shop. Students are required to supply appropriate shop clothes.</p>	<p>ABORIGINAL CULTURE CLASS RIT 20S</p> <p>Students will be exposed to a variety of cultural experiences connected to Aboriginal Teachings. Students will be expected to participate in hands-on experiences such as beading, crafts, and cooking. Students will also reflect upon aboriginal literature, such as; novels, short stories and poetry connecting them to their own life experiences. This course will be assessed as a pass / fail course, so attendance and participation are essential.</p>
